**UNITED STATES DEPARTMENT OF ENERGY
ENVIRONMENTAL RESTORATION
AND WASTE MANAGEMENT
PROGRAMMATIC ENVIRONMENTAL
IMPACT STATEMENT
IMPLEMENTATION PLAN**

The Environmental Restoration and Waste Management (EM) Program of the Department of Energy (DOE) announces the availability of the draft Implementation Plan (IP) for the EM Programmatic Environmental Impact Statement (PEIS). With this PEIS, the Department will assess potential environmental consequences of alternatives for implementing an integrated cleanup and waste management program. The IP records the results of public comments on the scope of the PEIS, serves as a plan for the preparation of the PEIS, and defines alternatives and issues to be evaluated in the PEIS.

Comments on the IP are invited from all interested parties. The DOE also announces plans to hold five regional interactive workshops on the IP to encourage public participation in the PEIS effort. The workshop in this region will be held in Denver, CO, in March, 1992. These interactive workshops will be informal in nature and no formal transcript will be recorded. Anyone wishing to ensure that DOE will consider his or her comments in the preparation of the IP should submit them in writing. Written comments on the IP should be postmarked by April 10, 1992, to ensure consideration. All written comments should be directed to Special Assistant to Assistant Secretary, Environmental Restoration and Waste Management (EM-1), U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, D.C. 20585.

The date and location of the public workshop is as follows:

Meeting	Denver, CO
Date	Wednesday, March 25, 1992
Location	Regency Hotel 3900 Elati Street (303) 458-0808 (800) 525-8748

Morning Session begins 8 a.m., Evening Session begins 6:30 p.m.
